

LexCyberSecure®

Despite a company's best effort to secure its computer systems, hackers, cyber thieves, and cyber terrorists continue to successfully break into networks and cause catastrophic financial losses. In many cases, traditional property insurance programs do not cover these losses. By excluding damage to intangible property, such policies may leave a company vulnerable in the event of a major computer attack.

Recognizing the need for such critical coverage, Lexington Insurance created LexCyberSecure®— a specialized insurance solution to protect a company's digital assets and bottom line from cyber risk.

Lexington Insurance—one of the strongest and most stable property and casualty insurers—has been serving the property market for decades. Lexington provides security, flexibility, and quality with each insurance policy.

Protect Digital Assets

Lexington, America's leading surplus lines insurer, includes this value-added endorsement in its property insurance policy.

LexCyberSecure provides coverage for network security risks that may not be covered by traditional property insurance policies. The endorsement includes three coverage parts:

- Information Asset Protection: provides coverage for property losses involving data, computer systems resources, and information assets, such as credit card numbers and customer information, resulting from a failure of network security caused by computer attack, so that information assets can be restored or recreated.
- Network Business Interruption: provides coverage for business interruption losses arising from the interruption or

suspension of your client's computer network, due to a failure of your client's network security, caused by a computer attack. This coverage includes business income and extra expense, as well as funds for forensic and investigative services and contingent dependent business interruption.

- Cyber Extortion: provides coverage for extortion threats to intentional computer attacks. Includes coverage for both the investigation and settlement of an extortion threat against the insured.

THE LEXINGTON ADVANTAGE

- Financial stability
- Experienced claims handling
- Flexible underwriting capabilities
- Global resources and expertise

For more information, please email lexcasualty@chartisinsurance.com, or visit www.lexingtoninsurance.com.

Lexington Insurance Company (Lexington Insurance), a Chartis Company, is America's leading surplus lines insurer. Chartis is the marketing name for the worldwide property-casualty and general insurance operations of Chartis Inc. For additional information, please visit our website at <http://www.chartisinsurance.com>. All products are written by insurance company subsidiaries or affiliates of Chartis Inc. Coverage may not be available in all jurisdictions and is subject to actual policy language. Non-insurance products and services may be provided by independent third parties. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds.
